Education

B.S. Psychology	Old Dominion University, VA	2003
M.A. Human Relations	University of Oklahoma, OK	2006
M.S. Exercise and Nutrition Science	The University of Tampa, FL	2015
Ph.D. Health and Human Performance (IP)	Concordia University Chicago, IL	2022

Certifications (current)

Biomedical Research & RCR (CITI)
Certified Personal Trainer (ACTION)
Group Fitness Specialist (ACE)
Functional Nutrition Specialist (ACE)
First Aid/CPR/AED (American Red Cross)

Positions (current)

Mojave Group, Tampa, FL

2013-present Business Development and Marketing Consultant

Services: Manage acquisition efforts and business development for this start-up consulting firm focused on the federal IT market.

BodyCarvers, Tampa, FL

2014-present Founder

Services: Provide a comprehensive approach to assist clients in achieving their fitness and wellness goals combining coaching, nutritional consulting, and emotional motivation.

Vert Mooney Foundation (dba U.S. Spine & Sport Foundation), San Diego, CA and Tampa, FL

2016-present Director of Program Development

2018-present Member, Board of Directors

Services: Co-Investigator overseeing the design, testing, and implementation of strategies improving quality of life and physical function.

Excellcior, LLC., Tampa, FL

2018-present Founder and CEO

Services: Develop and implement human performance and technological solutions to aid first responders, government, practitioners, and other customers in optimizing occupational wellness and missions.

Positions (past)

Morsani College of Medicine, University of South Florida, Tampa, FL

School of Physical Therapy & Rehabilitation Science

2015-2018 Lead Exercise Specialist

2016 Coordinator of Exercise Interventions
 2016-2018 Project Manager
 Center for Neuromusculoskeletal Research:
 2016-2018 Project Manager
 2016-2018 Head of Operations

2015 Intern Performance Compound, Tampa, FL
 2012-2013 Director, Federal Sales 4G Communications, Tampa, FL
 2011-2012 Senior Manager, Business Development Technical and Project Engineering, LLC., Tampa, FL
 2010-2011 Director of Marketing, ByLight Professional IT Services, Inc., Arlington, VA
 2007-2010 Business Development Coordinator, County Executives of America (CEA), Washington, DC

TEACHING

Student Mentorships

Co-Mentor, Doctor of Physical Therapy Capstone Project, University of South Florida, Fall 2016-2018.

Research Internships

Coordinator, Lincoln Endowed Chair Research Program, Center for Neuromusculoskeletal Research, School of Physical Therapy & Rehabilitation Sciences, Morsani College of Medicine, University of South Florida, 2017 - 2018.

Guest Lecturer

National University of Health Sciences

Ketogenesis, modified ketogenesis and low carbohydrate diets for obesity management and performance in First Responders. Sports Medicine Interns, Pinellas Park, FL, February 2019.

National University of Health Sciences

Health considerations for management of LBP with first responders as an example: Obesity management, exercise and nutrition, prevention. Sports Medicine Interns, Pinellas Park, FL, February 2020.

National University of Health Sciences

Health Considerations when working with physique athletes. Sports Medicine Interns, Pinellas Park, FL, March 2021.

RESEARCH AND CREATIVE ACTIVITY

Research: Grants, Contracts, Donations, and other Extramural Support

Funded:

Role: Project Leader and Lead Exercise Specialist

Title: Worksite exercise interventions for low back injury prevention in firefighters

Sponsor: US Department of Homeland Security, Federal Emergency Management Agency, Assistance to Firefighters Grant Program, FY 2013 Fire Prevention and Safety Grants (EMW-2013-FP-00723)

Type: Federal (refereed)

Total Amount Funded: total award including 5% match from Florida Chiropractic Foundation for Education and Research: \$1,332,106 (\$898,656 direct, \$433,450 indirect)

Project Period: August 1, 2014 - April 30, 2018

Purpose: To compare the effectiveness of 2 worksite exercise interventions relative to control on lost workdays, incidence of low back pain, physical function, quality of life, and costs related to low back injury and illness in firefighters.

Role: Project Leader

Title: Critical assessment of management of low back pain in individuals with lower extremity amputation

Sponsor: Lincoln College Education and Research Fund

Type: Foundation (non-refereed - unrestricted research gift)

Total Amount Funded: \$50,000

Project Period: January 2016 - December 2017

Purpose: To critically assess the management of low back pain in individuals with lower extremity amputation in order to develop resources for healthcare providers and patients.

Role: Co-Investigator, Project Manager and Study Coordinator

Title: A comparison of the Firefighter Candidate Physical Ability Test (CPAT) to predesigned weight lifting exercises using electromyography (EMG) and Motion analysis.

Sponsor: Internally funded by the USF Lincoln Endowed Chair Research Program

Type: Internal - USF Foundation

Total Amount Funded: \$50,000

Project Period: March 2017- June 2017

Purpose: To compare the Candidate Physical Ability Test (CPAT) to a predesigned set of Olympic lifts (heavily focused on the posterior chain) and functional movements. In order to help shape a strength training regimen mimicking the use of muscle groups activated during the CPAT.

Role: Head of Operations

Sponsors: Lincoln College Education and Research Fund; Florida Chiropractic Foundation for Education and Research

Title: Head of Operations support - Lincoln Chair Research Program

Type: Foundation (non-refereed - unrestricted research gift)

Total Amount Funded: \$100,000

Project Period: April 2016 - June 2018

Purpose: To conduct human subjects research to advance the understanding of spinal biomechanics and chiropractic care.

Role: Project Leader

Title: Implementation of a fitness and injury prevention program for firefighters

Sponsor: City of St. Petersburg, FL (via U.S. Department of Homeland Security, Federal Emergency Management Agency, FY 2016 Assistance to Firefighters Grants

Type: City (non-refereed - contract)

Total Amount Funded (for contract): \$95,750

Project Period: January 2018 - November 2018

Purpose: To implement advanced peer fitness training certification and outfit station gyms with equipment.

Role: Co-Investigator

Title: Implementation of a Regional Firefighter Wellness Initiative

Sponsor: US Department of Homeland Security, Federal Emergency Management Agency, Assistance to Firefighters Grant Program, FY 2017 Fire Prevention and Safety Grants (EMW-2017-FP-00711)

Type: Federal (refereed)

Total Amount Funded: total project cost \$1,227,681 (federal share \$1,169,220; match \$58,461)

Project Period: September 14, 2018 - September 13, 2021

Purpose: The grant is tasked with implementing behavioral change interventions in firefighter participants, via on site and distance consultative and educational mechanisms.

Poster (other)

1. Oawster M, Whelchel J, Gartman G, Lane CL, Santos N, Janus T, Mayer JM. Relationship between dietary habits and anthropometric, injury, and fitness characteristics of firefighters. USF Health Research Day, Tampa, FL, February 2018.

Scientific Task Forces, Guideline Committees, and Related Scholarly Activities

2017-2018 Research Committee Member, School of Physical Therapy & Rehabilitation Sciences, University of South Florida, Tampa, FL.

2017-present Nutrition Considerations Program Development Committee: Tazzell R (Chair),
North American Spine Society.

Professional Service

2011-2016 Young AFCEAN, AFCEA Pelican Chapter, Tampa, FL

2012-2014 Vice President (Founding Board), Women In Defense Tampa Bay, Tampa, FL

2016-present Board of Directors, Vert Mooney Research Foundation, San Diego, CA
(DBA US Spine & Sport Foundation).

Professional Memberships (Active)

American College of Sports Medicine (ACSM)

Florida Chiropractic Association (FCA)

International Federation of Bodybuilding (IFBB)

National Strength and Conditioning Association (NSCA)
